Explanation of Field Artillery Bn Consolidation

- FA Consolidation has been designed to provide FA Training while in a non-deployment status.
- FA Consolidation is the movement of all Field Artillery personnel from the current location in the BCT to the FA battalions to increase their training readiness.
- The FA Elements are still depicted in their “DEPLOYMENT CONFIGURATION” in order to maintain a clear operational perspective and avoid confusion with the FA Consolidation.

- All Field Artillery personnel in the BCTs that have been moved are captured in RED in the paragraphs that the positions have been moved “from” with information where they have been moved “to” into Field Artillery battalions.
